Away Day

Saturday 6th August 2016

10.00am to 4.00pm
at Stanton House
Stanton St John

"Spiritual Landscape"

Images of the Christian Life
in the Gospel of Luke

Our Awayday this year is based on ideas from a book called "Spiritual Landscape: Images of the Spiritual Life in the Gospel of Luke" by James L Resseguie. The author says that Luke uses all kinds of landscapes to illustrate the life of faith - physical landscapes such as desert and lake; "social" landscapes such as family, meals and clothing; economic landscapes such as our use of money.

We shall be exploring through words, images and music what Luke's way of looking at life and faith has to say to our personal Christian journeys, and to the life of our churches. There will also be time for quiet reflection, and exploration of the grounds of Stanton House (weather permitting!).
